Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW YOUR PROTECTED HEALTH INFORMATION MAY BE USED AND DISCLOSED.

PLEASE REVIEW IT CAREFULLY.

OUR LEGAL DUTY

CFS is required to comply with all applicable federal and state laws to maintain the privacy of your Protected Health Information (‘PHI’). PHI is defined as “any individually identifiable health information that relates to any physical or mental health, or that can otherwise be used to identify the individual”.

CFS is also required to provide you with this notice about our privacy practices, our legal obligations, and your rights concerning your PHI. This notice is effective March 26, 2013, and is subject to any amendments enacted by the governing statutes. Periodic amendments may also be made in order to clarify certain language of the applicable laws and statutes.

You may request a copy of this notice (or any subsequent revision of this notice) at any time. For more information about our privacy practices, or for additional copies of this notice, please contact us using the information listed at the end of this notice.

USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION

CFS may use and disclose your PHI to (1) facilitate your medical treatment, (2) obtain payment from your health insurance company for medical services, and (3) industry standard health care operations. Such use and disclosure of your PHI is considered under HIPAA as “permissible use”. Any and all “permissible use” of your PHI will be made within “minimum necessary” limitations, and only to facilitate specific activity directly relative to treatment, payment and / or operations. Following are examples of permissible use of your PHI.

Treatment: CFS may use and disclose your PHI to provide, coordinate, or manage your health care and any related services as recommended by your medical provider. This includes the coordination or management of your health care with a third party or other physicians who may currently be involved with your medical care or whom it may be determined by your medical condition to be required with your medical care for the purposes of diagnosis and treatment (i.e. specialist, laboratory, hospital, or other facility).

Payment: CFS may use and disclose your PHI to obtain payment for your health care services. This may include providing copies of the pertinent medical record to your health insurance plan in order to determine eligibility and benefits, obtain pre-authorization on your behalf for recommended medical services, review of medical services provided to you to confirm medical necessity, and other health plan utilization review activities. For example, obtaining approval for a hospital admission may require that your relevant PHI be disclosed to the health plan to obtain approval for the hospital admission. If you pay for your care or treatment completely out of pocket with no use of any insurance, you may restrict the disclosure of your PHI for payment.

Health Care Operations: CFS may use and disclose your PHI in order to facilitate industry standard business and operational activities. These activities include, but are not limited to, daily clinic operations relative to scheduling, appointment reminders, assembly and maintenance of your medical record, and inter-departmental coordination of your medical care. For example, we may use a sign-in sheet at the registration desk where you will be asked to sign your name, call you by name in the waiting room when your doctor is ready to see you, or contact you by telephone or mail to ensure necessary continuum of care or other related activities.

CFS may share your PHI with third party “business associates” that perform certain activities (i.e. billing, transcription services) for CFS. Whenever an arrangement between our office and a business associates involves “permissible use” of your PHI, your PHI is protected by a Business Associate Agreement that contains terms that will protect your PHI.

Uses and Disclosures Based On Your Written Authorization: Any other uses and disclosures of your PHI will be made only with your written authorization, unless otherwise permitted or required by law as described below.

You may give us written authorization to use your PHI or to disclose it to anyone for any purpose. Your written authorization may be revoked in writing at any time. Your revocation will not affect any use or disclosure permitted by your authorization while it was in effect. Without your written authorization, we will not disclose your health care information except as described in this notice. Health information that has been properly de-identified is not protected by the HIPAA Privacy Rule, and may be used to research and other statistical purposes.
Others Involved in Your Health Care: Unless you object, we may disclose to a member of your family, a relative, a close friend, or any other person you identify as an emergency contact, your PHI that directly relates to that person’s involvement in your health care. If you are unable to agree or object to such a disclosure, we may disclose such information as necessary if we determine that it is in your best interest based on our professional judgment. We may also disclose PHI to notify or assist in notifying a family member, personal representative, or any other person that is responsible for your care of your location, general condition, or death.

Marketing: We may use your PHI to contact you with information about treatment alternatives that may be of benefit or interest to you. We may disclose your PHI to a business associate to assist us in these activities. Unless the information is provided to you by a general newsletter or in person or is for products or services of nominal value, you may opt out of receiving further such information by telling us using the contact information listed at the end of this notice.

Your PHI may be disclosed to a government health agency authorized to oversee the health care system or government programs or its contractors, and to public health authorities for public health purposes.

Health Oversight: Your PHI may be disclosed to a health oversight agency for activities authorized by law, such as audits, investigations, and inspections. Oversight agencies seeking this information include government agencies that oversee the health care system, government benefit programs, other government regulatory programs and civil rights laws.

In this case, the disclosure will be made consistent with the requirements of applicable federal and state laws.

Food and Drug Administration: Your PHI may be disclosed to a person or company required by the Food and Drug Administration to report adverse events, product defects or problems, biologic product deviations; to track products to enable product recalls; to make repairs or replacements; or to conduct post marketing surveillance, as required.

You must make a request in writing to the primary practice location where you have most recently received medical services. You may also request access by sending us a letter to the address at the end of this notice.

Accounting for Disclosures: You have the right to receive a list of instances in which we or our business associates used or disclosed your PHI for purposes other than treatment, payment, health care operations and certain other activities after April 14, 2003. We will provide you with the date on which we made the disclosure, the name of the person or entity to whom we disclosed your PHI, a description of the PHI we disclosed, the reason for the disclosure, and certain other information. If you request this list more than once in a 12-month period, we may charge you a reasonable, cost-based fee for responding to these additional requests.

Restriction Requests: You have the right to request that we place additional restrictions on the use or disclosure of your PHI. We are not required to agree to these additional restrictions, but if we do, we will abide by our agreement (except in an emergency or as required by law). Any agreement we may make on such a request for additional restrictions must be in writing signed by a person authorized to make such an agreement on our behalf. We will not be bound unless our agreement is so memorialized in writing.
Confidential Communication: You have the right to request that we communicate with you in confidence about your PHI by alternative means or to an alternative location. You must make your request in writing. We must accommodate your request if it (1) is reasonable, (2) specifies the alternative means or locations, and (3) continues to permit CFS to bill and collect payment for medical services rendered to you in good faith.

Amendment: You have the right to request that we amend your PHI. Your request must be in writing, and it must explain why the information should be amended. We may deny your request if we did not create the information you want amended or for certain other reasons. If we deny your request, we will provide you a written explanation. If we comply with your request, we will make reasonable efforts to inform others, including people or entities you name, of the amendment and to include the changes in any future disclosures of the information.

Electronic Notice: If you receive this notice on our website or by electronic mail (e-mail), you are entitled to receive this notice in written form. Please contact us using the information listed at the end of this notice to obtain the notice in written form.

Breaches: You will be notified immediately if we receive information that there has been a breach involving your PHI.

Financial Agreement and Lifetime Signature Authorization

Center For Sight, P.L. and Laser and Surgical Services at CFS LLC (CFS) are privately-owned medical facilities that provide medical services on a fee-for-service basis. CFS relies solely on insurance reimbursement and patient payment(s) for services rendered in good faith. CFS receives no federal, state or other third-party funding; as such, CFS does not have provision for providing on-going indigent care. The following Financial Agreement is developed in accordance with Office of Inspector General (OIG) guidelines as well as all applicable State and Federal reimbursement guidelines.

Upon obtaining a copy of your insurance card(s), CFS will verify your eligibility and benefits including deductibles, copayments, coinsurance responsibility, etc under your health insurance company, and CFS will submit claims for all medically necessary services to your health insurance company. Please note that payment is ultimately due from you in the event that your insurance company denies payment for any service(s); i.e. termination of coverage, coordination of benefits, non-payment of premium, etc…

Deductibles, coinsurances, and any non-covered services are the responsibility of the patient. To the extent possible and feasible, all patient financial responsibilities are payable at the time of service and / or prior to surgical procedures. Not all health insurance companies publish their (allowable) fee schedule; therefore coinsurance percentages cannot always be accurately calculated for pre-payment. A CFS statement will be sent to you after your health insurance has processed your claim(s); the balance due will compare to the Explanation of Benefits you will receive from your health insurance company. Should you dispute any amount on your Explanation of Benefits / statement, please contact your health insurance company member services for clarification of your benefits.

Please note that CFS medical providers are ethically obligated to assign diagnosis code(s) as indicated by the provider’s diagnostic findings and in accordance with prudent medical standards. It is therefore inappropriate to request that a diagnosis be changed in the event your health insurance plan denies coverage at their discretion. Any such request will be denied; to comply would constitute insurance fraud and misrepresentation of the medical documentation relative to your care.

Copayment(s), as stipulated by your health insurance company, are due on the date of service.

Please note that OIG guidelines (FR Vol. 65, No. 194, Oct.5, 2000) relative to anti-kickback statutes, as well as contractual obligations to the health insurance companies from whom CFS will seek reimbursement for medical services, prohibit the routine discounting of published fees, “insurance-only billing” or waiver of any insurance-assigned charges otherwise due from the patient.

Self-Pay: In the event that (1) you are uninsured, (2) CFS and / or its affiliated facilities does not have a participating relationship with your health insurance plan(s), or (3) you elect to have non-covered medical services (ie cosmetic or other services determined by your health insurance plan to be “not medically necessary”, etc), CFS accepts self-pay patients with this signed agreement that payment is due on the day services are rendered or in the case of surgical procedures, payment is due prior to the surgical procedure(s).

CFS does not accept litigated cases and services are not provided on a contingency basis under any circumstances.

CFS is not a banking institution and does not assess finance charges to cover the operational cost of managing payments by installment; therefore, no internal financing options (i.e. budget or other installment plans) can be extended.

For your convenience, CFS accepts cash, check, money order and credit cards. In addition, CFS offers financing options through third party vendors.

I understand all of the terms defined above; I consent to receiving treatment under the stated terms and I agree to honor all of my financial obligations to Center For Sight. I hereby authorize this provider and its employees, agents and assignees to contact me via email, text messaging and to my cellular devices. My signature below constitutes my Financial Agreement and Lifetime Signature Authorization.

Patient Name Printed Date Patient / POA Signature

CFS Employee Name Date CFS Employee Signature

Failure to honor your financial obligations to CFS in accordance with this signed Agreement will result in your account being referred to Collections and termination of the treatment relationship in accordance with the regulations that govern ethical medical care. Effective 7/1/2011
